

# 4-DIMM Add-in Card (CXA-4F1W)

## For the CXL<sup>®</sup> Standard

SMART's CXA-4F1W is a 4-DIMM AIC, a Type 3 PCIe Gen5 Add-In Card (AIC) utilizing the CXL standard consisting of four DDR5 RDIMMs mounted on a Full Height, Half Length PCIe form factor module. It uses one x16 CXL controller to implement a single x16 CXL port capable of a total bandwidth of 64GB/s.

Each RDIMM socket supports up to 128GB RDIMMs for a maximum memory capacity of 512GB. The CXL Controllers implement "Reliability, Availability, and Serviceability" (RAS) features, advanced analytics, as well as enhanced security features with in-band or side band (SMBus) monitoring capability.

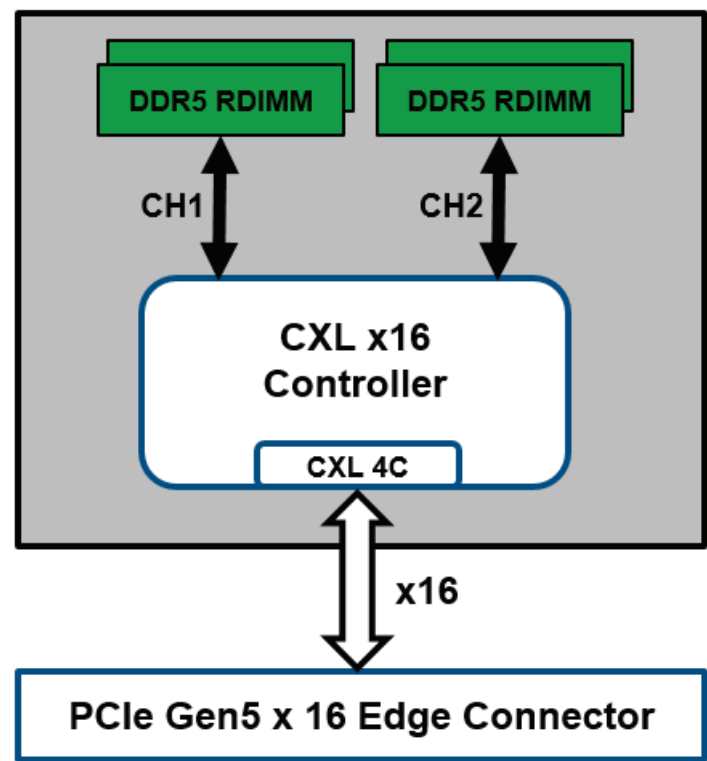

SMART develops CXL Type 3 (CXL.mem) memory products to address the industry's need for more memory per processor core. The CXL interconnect specification allows for a significant expansion of memory form factor options in PCIe or EDSFF form factors.

## Key Features

- Host Interface
  - CXL 2.0
  - One x16 ASIC
  - Up to 64GB/s throughput
- Memory Interface
  - 4 x 128GB DDR5 RDIMMs (512GB max)
  - CXL controller supports two channels up to DDR5-4800
  - Each Channel supports 2DPC
- RAS Features
  - End-to-end data path integrity with overlapping parity/ECC
  - SECDED ECC support to DDR
  - Reed-Solomon ECC support to DDR
  - Programmable patrol scrub
  - Secure boot
  - Secure firmware update
- Device personalization/certificates
- Attestation
- Key management
- Firmware encryption
- Firmware Authentication, Integrity Check
- Post-Package Repair (PPR) and on-die Error Check and Scrub (ECS)
- Memory Expansion Applications
  - Accelerated AI and ML Workloads
  - Large In-memory databases
  - Banking, Finance, OLTP
  - Tiered cache for general purpose storage

System Block Diagram

Dimensions

The 4-slot AIC uses Full Height Half Length PCIe form factor.

- Height: 111.15mm
- Length: 167.52mm
- Width: 33.90mm

# Preliminary Schedule

■ ES available in February '24

## Ordering Information

4-Socket CXL AIC		
SMART Part Number	Description	Configuration
STXPLXXGMC4RD5	PCIe x16, FHHL	Single-width AIC without DDR5 RDIMMs
STXPL128GMC4RD5	CXL, PCIe x16, 128GB, FHHL	Single-width AIC with four 32GB DDR5 RDIMMs
STXPL256GMC4RD5	CXL, PCIe x16, 256GB, FHHL	Single-width AIC with four 64GB DDR5 RDIMMs
STXPL512GMC4RD5	CXL, PCIe x16, 512GB, FHHL	Single-width AIC with four 128GB DDR5 RDIMMs
